I like myself so I don't want to die.

I also like drawing love scenes and kissing scenes.

Love will make me get well.

Don't make me lonely.

I want some human contact and get well wishes.

Can I be I like the reader's daughter?

Even though I'm not really a girl anymore...

Get well wishes will help me feel better.

I didn't think to take any medicine.

Everyone is someones child.

Please send your prayers.
